

Lent 2020 CARING FOR GOD'S CREATION Calendar

A Lenten Journey: On Care for Our Common Home

"Faith . . . by revealing the love of God the Creator, enables us to respect nature all the more, and to discern in it a grammar written by the hand of God and a dwelling place entrusted to our protection and care." –Pope Francis

 **April 12 EASTER SUNDAY** On this glorious day "let the earth rejoice, in shining splendor" even though it is so often mistreated greedily exploited, resulting in an alteration of natural equilibria. I think especially of those areas affected by climate change, which not infrequently causes drought or violent flooding, which then lead to food crises in different parts of the world. - *Pope Francis, Easter 2016*
